**Agenda item – Program**

- Early Childhood Education MAE

R. Dada explained that they will add back the MAE core requirements (MEASRES 6205 and EDPSYCH 6214) that were previously removed with the intent of weaving them into the other ECE courses. As a result, they will remove a couple of Early Childhood courses from the MAE program (ELEMECML 4192/5192 and ECE 6201) to make space for MEASRES 6205 and EDPSYCH 6214. The courses that are being removed, can easily be integrated into other existing courses. As far as the units go, it's taking out 5 units and putting back 6 units. 31 units would be the total.

Additionally, the plan is to keep the title as is for ELEMECML 4162/5162 (Administration and Advocacy of Early Childhood Programs) since a proposal to change the title was not put forward into the Leapfrog system and should have been. This will be done during the next curriculum cycle.

S. Coon asked if these changes leave at least 12 units of 6000-level coursework. B. Forsyth commented that the number of 6000-level units should go up since they are removing the ELEMECML 4192/5192 and replacing it with 6000-level courses.

**K. Cunningham called for a vote on the motion to approve the changes to the Early Childhood MAE. The motion passed unanimously.**

The meeting adjourned at 2:47 p.m.

Respectfully submitted,

Karen Cunningham
