Recommendations of the Nominating Committee

The Nominating Committee submits this report in fulfillment of its mandate as prescribed by its charge, as provided in the Faculty Senate bylaws. Over the course of the year, the committee contacted Senate Chairs of the Colleges and Rod Library, requesting each to fill committee positions that expire in 2024.

Description of election procedures. The Committee used its redesigned database of faculty committee assignments to identify seats that require re-election this year. Collaborating with College Senate Chairs, the Committee conducted elections using the University's Qualtrics system (the Library used an email system). Elections took place the first two weeks of April. *This report reflects the results of those elections and can be used as a guide to faculty governance assignments for the academic year that ends May 15, 2025.*

Report on election results. Faculty elected to seats that expired in 2024 are included in committee assignments in the following pages. 32 of the 40 possible Senate seats are filled with 6 Senators elected by their department and 2 at-large Senators elected by voting faculty. Of the 91 additional faculty seats on university committees (not including Senators), 34 faculty seats were included in the election and 9 faculty seats were appointed by College Deans. Participation rates in faculty elections were:

- 41 CSBS of 108 voting faculty (38%)
- 105 CHAS of 241 voting faculty (44%)
- 32 COE of 85 voting faculty (38%)
- 13 WCB of 49 voting faculty (27%)
- 12 LIB of 15 voting faculty (80%)
- 201 of 502 voting faculty (40%)

APPENDIX

Definitions of Voting and Non-Voting Faculty (Article I: Definition of the Faculty)

1. The University Faculty. The University faculty shall consist of two groups: the voting faculty and the non-voting faculty.
 - 1.1 **The Voting Faculty.** The voting faculty shall consist of all those who hold tenured, probationary, term or renewable term faculty appointments. It shall also include any other faculty with full-time contracts, plus any current temporary (adjunct) faculty members with a cumulative total of six or more semesters of service to the University at half-time or greater, out of the last eight semesters.
 - 1.2 **The Non-Voting Faculty.** The non-voting faculty shall consist of those who hold all other faculty appointments, including emeritus faculty.
- 1.3. Jurisdiction of the Voting Faculty: Limitation of Voting. Privilege of motion, second, and debate shall be afforded to all members of the faculty during faculty meetings. Voting shall be restricted to members of the voting faculty.
- 1.4. The Faculty Senate may, as it deems appropriate, admit individuals to the voting faculty or to the nonvoting faculty on a permanent or *ad hoc* basis. Individuals who believe that their university responsibilities justify their being members of the voting or of the non-voting faculty may apply, in writing, to the Faculty Senate for consideration. Voting faculty or non-voting faculty status granted by the Faculty Senate shall be for such term as the Faculty Senate specifies, but in all cases will be retained by the individual only as long as he/she remains in his/her position.
2. The Word "Faculty" in this Constitution. When the word "faculty" is used in this Constitution without a modifying adjective preceding it, reference to the University faculty shall be assumed.
3. The definitions of the University in this Constitution apply to the conduct of the official business of the University faculty and do not prohibit the granting of privileges normally associated with faculty status, such as social privileges, to other members of the University administration and staff.
4. Official Roster of the Faculty. As soon as practical in the fall semester but no later than October 1 and in the spring semester no later than February 1, the chairperson of the faculty shall arrange for the availability of an official roster of the faculty. The chairperson of the faculty shall have the authority to decide boundary cases of faculty status according to the spirit of the foregoing sections, subject to challenge and review as provided below. The fall roster shall include a listing of those persons who are qualified for membership in voting faculty and those qualified for membership in the non-voting faculty. The spring roster shall consist of a list of additions to the fall roster. Qualification for faculty status for the entire academic year shall be established by a person's assignment during either the fall or the spring semester of that year. Faculty status established during an academic year shall be construed to apply also to the following summer session, unless the person does not continue his/her appointment with the University.
 - 4.1 Distribution. A sufficient number of copies of the roster for the fall and spring shall be prepared to supply each of the following committees, persons, and offices: the Committee on Committees; the chairperson of the faculty; the vice-chairperson of the faculty ; the secretary of the faculty; the Office of Academic Affairs; all college offices; all departmental offices. Each college office and each departmental office shall, for a period of one week after the roster's issuance, prominently display the roster in a place readily accessible to the faculty. In addition, a copy of the current semester's roster shall be made available to any faculty member upon written request to the secretary of the faculty.
 - 4.2 Challenges of the Roster. Challenges of the accuracy or the propriety of the listings in any semester's roster shall be directed to the University Faculty Senate within 15 class days after distribution for adjudication by majority vote.
 - 4.3 Appeal and Final Disposition of Challenge. The Senate's decision (see section 4.2. above) may be appealed to a majority vote of the University faculty whose decision shall be final.
