To whom it may concern,

I am writing this letter in strong support of Dr. Jennifer Waldron as an Emeritus faculty for the University of Northern Iowa. Dr. Waldron is certainly deserving of the emeritus designation at UNI. Dr. Waldron has about two decades of service to the University. She had great rapport with colleagues, staff and students in the Department of Kinesiology. He has an excellent record of publication, and several of her scholarly work was done in collaboration with undergraduate and graduate students. Dr. Waldron has also provided substantial contributions to the University. She spent several years in the graduate council, she was the head of IRB committee, and more recently Dr. Waldron served as Dean of the Graduate College. Department of Kinesiology will greatly miss Dr. Waldron.

I highly recommend Dr. Waldron to you without any reservation. For further questions, please do not hesitate to contact me.

Fabio Fontana, PhD
Department Head and Professor
Department of Kinesiology
