Jim,

Attached please find an emeritus request on behalf of Phil Mauceri and my letter of support. You'll recall that I contacted you about this request a little over a month ago. After consulting with John Vallentine and HR, I was instructed to do the request via paper form since Phil doesn't have access to the current electronic system. I've been assured that, once approved by all involved, it will be processed. John V. also said that email approvals could substitute for signatures, given the unique circumstances we're in.

The email thread below includes approvals from the CSBS Senate chair and CSBS Dean.

If you'd rather I submit this as a petition to the Senate, I can do so.

Yours,

Scott

Scott,

I wholeheartedly approve this request. Can you then send this email forward?

Thanks!  
Brenda

Brenda,

Could you please reply with your approval of the emeritus request for Phil Mauceri? See Bob Dise's approval below.

(I know you signed it before break, but I forgot to scan it in and I didn't grab it when I prepared to work at home. John V. said that given the circumstances we could do this via email approvals).

Thanks,

Scott

Scott,

Yes, I approve.

Let me know if I need to email my approval to anyone other than to you.

Hi Bob,

I have confirmation from John Vallentine that I should do this emeritus request using the paper form and that email approval can substitute for a signature. Attached please find the emeritus request and my letter of support.
