A Report Compiled by the Committee on
Committees

Submitted by Lazarus Adua, Co-Chair of the Committee on Committees on Behalf of the
Committee

About this Report and Recommendations

The Committee on Committees submits this report in fulfillment of its mandate as prescribed by the Committee on Committees procedures/bye-laws (reproduced below). I, Lazarus Adua, served as Co-Chair of the Committee on Committees. The other Co-Chair of the committee is Adrienne Stanley. Over the course of the year, the committee contacted all UNI colleges and the Rod Library, requesting each to fill committee positions that will become vacant in the new academic year (2017-2018). We received information concerning the candidates selected by the colleges to fill upcoming vacant positions from all except the College of Education. The committee also successfully conducted elections to fill three at-large upcoming vacancies: Faculty Chair, Graduate Faculty Chair, and Non-Voting Faculty Representative on the University Faculty Senate. While a lot of progress has been made in terms of filling university committee positions and updating the slate of committees, we note that several positions still remain vacant. It is recommended that the Committee on Committees should endeavor to fill these positions between now and the beginning of the Fall 2017 Semester.

Based on our experience during the course of the year, it is recommended that the Faculty Senate should consider:

1. revising the Faculty Constitution to explicitly allow an election to proceed if there is at least one candidate running for a position, along with the option for electors to write-in other candidates. The Committee on Committees had quite a tough time finding at least two candidates as stipulated by Faculty Constitution to run for the positions of Faculty Chair and Graduate Faculty Chair. Although the committee eventually met the two-candidates per position threshold, the elections were delayed quite a bit; and
2. revising submission date for the annual report of the Committee on Committees to a later date. It appears most colleges do not conduct their elections until late in the spring semester. As of the time this report was drafted, the College of Education, for instance, had not had the chance to conduct elections to fill positions that will be vacant in the ensuing academic year. Consistent with the previous report of this committee, it appears more practical for the report to be submitted a week or so before the beginning of the Fall Semester.

Provided below is the slate of committee memberships. For the purpose of maintaining consistency between this and previous reports of the committee, I have largely retained the 2016-2017 report template.

Introduction: Mandate of the Committee on Committees Committee on Committee Procedures/Bylaws

6.5 Selection of committee members. The Committee on Committees shall coordinate college elections for committees and shall hold elections for all at-large positions on committees. The Committee on Committees shall have the power to fill committee vacancies via appointment until such time as it is able to conduct an election to fill the position for the remainder of the term.

6.5.1 The Committee on Committees shall report the results of all elections to the Chair of the Senate no later than April 1.

6.5.2 The Committee on Committees shall issue an annual report to the Senate that describes the charge of each committee and updates the membership of the Senate and all committees. This report shall be presented to the Senate at its final regularly scheduled meeting of the spring semester. The Committee on Committees shall at this time recommend to the Senate the discharge of any standing or ad hoc committees (except for standing committees established by the Faculty Constitution) which in its judgment have become superfluous. The Secretary of the Senate shall append this report to these Bylaws.

VOTING FACULTY – NON-VOTING FACULTY

(Article I: Definition of the Faculty)

1. The University Faculty. The University faculty shall consist of two groups: the voting faculty and the non-voting faculty.
 - 1.1 The Voting Faculty. The voting faculty shall consist of all those who are appointed to one of the four academic ranks-- instructor, assistant professor, associate professor, or full professor--and who hold a probationary or tenured appointment.
 - 1.2 The Non-Voting Faculty. The non-voting faculty shall consist of those who hold part-time or full-time temporary appointments--lecturers, adjuncts, visiting professors, other such designations--that involve teaching and/or research responsibilities directly related to the academic programs of the University. It shall include emeritus faculty and, in addition, all those persons whose original appointments both carry faculty status and pre-date the adoption of this Constitution.
 - 1.3 Jurisdiction of the Voting Faculty: Limitation of Voting. Privilege of motion, second. and debate shall be afforded to all members of the faculty during faculty meetings. Voting shall be restricted to members of the voting faculty.
 - 1.4 The Faculty Senate may, as it deems appropriate, admit individuals to the voting faculty or to the nonvoting faculty on a permanent or *ad hoc* basis. Individuals who believe that their university responsibilities justify their being members of the voting or of the non-voting faculty may apply, in writing, to the Faculty Senate for consideration. Voting faculty or non-voting faculty status granted by the Faculty Senate shall be for such term as the Faculty Senate specifies, but in all cases will be retained by the individual only as long as he/she remains in his/her position.
2. The Word "Faculty" in this Constitution. When the word "faculty" is used in this Constitution without a modifying adjective preceding it, reference to the University faculty shall be assumed.
3. The definitions of the University in this Constitution apply to the conduct of the official business of the University faculty and do not prohibit the granting of privileges normally associated with faculty status, such as social privileges, to other members of the University administration and staff.
4. Official Roster of the Faculty. As soon as practical in the fall semester but no later than October 1 and in the spring semester no later than February 1, the chairperson of the faculty shall arrange for the availability of an official roster of the faculty. The chairperson of the faculty shall have the authority to decide boundary cases of faculty status according to the spirit of the foregoing sections, subject to challenge and review as provided below. The fall roster shall include a listing of those persons who are qualified for membership in voting faculty and those qualified for membership in the non-voting faculty. The spring roster shall consist of a list of additions to the fall roster. Qualification for faculty status for the entire academic year shall be established by a person's assignment during either the fall or the spring semester of that year. Faculty status established during an academic year shall be construed to apply also to the following summer session, unless the person does not continue his/her appointment with the University.
 - 4.1 Distribution. A sufficient number of copies of the roster for the fall and spring shall be prepared to supply each of the following committees, persons, and offices: the Committee on Committees; the chairperson of the faculty; the vice-chairperson of the faculty ; the secretary of the faculty; the Office of Academic Affairs; all college offices; all departmental offices. Each college office and each departmental office shall, for a period of one week after the roster's issuance, prominently display the roster in a place readily accessible to the faculty. In addition, a copy of the current semester's roster shall be made available to any faculty member upon written request to the secretary of the faculty.

4.2 Challenges of the Roster. Challenges of the accuracy or the propriety of the listings in any semester's roster shall be directed to the University Faculty Senate within 15 class days after distribution for adjudication by majority vote.

4.3 Appeal and Final Disposition of Challenge. The Senate's decision (see section 4.2. above) may be appealed to a majority vote of the University faculty whose decision shall be final.

Note:

This report corrects a few errors in the previous one. For example, several positions in the Graduate Council show expirations dates of 2019 from the base year of 2016 and current year of 2017, which will suggest three year terms (2017, 2018, and 2019). However, terms in the Graduate Council last for two years, according to the Master Elections document used by the Committee on Committees.
