Barbara,

The restructuring looks very good, and I wish you the best of luck with it. Officially, I can respond "Has Impact, No Objections." We would be happy to have WGS students in these graduate courses in Comm Studies, as they are always wonderful students. We are happy to participate in the program.

Best regards,
Chris

Dear Barbara,

Catherine has been in to discuss the changes as they were being negotiated. I have reviewed the curriculum proposal, with changes to the composition of offerings for research methods, for gender theories, and for applied tracks. I approve the curricular proposal as is.

Sorry this was a bit slow, I was traveling with students to St. Louis earlier this week, and didn't get this off my desk before I left. Annette

Hi Julee,

I am resending our original request for a curriculum consult with the form attached. Also, I got an email from Cathy Zeman last week that indicated that Dr. Corbett had shown her our curriculum changes. They would also have needed to go to someone from LYHS. Our meeting with 2 college senates is at 3:15 today, so I would really appreciate it if we could get some feedback before then. I will be unavailable between 11:50 and about 1:15, but should be in my office otherwise (x37102).

Thanks,
Barbara Cutter
